

## MASTER PLAN FOR DOWNTOWN COVINGTON COVINGTON, GA

### HPE RESPONSIBILITY:

Developed Strategic Transportation and Infrastructure Planning

### CLIENT'S NAME & ADDRESS:

City of Covington  
1167 Pace Street, N.E.  
Covington, GA 30014-2346  
(678) 342-2168

Hall Planning & Engineering, Inc. participated as a subconsultant with Duany Plater-Zyberk & Company in a charrette and subsequent preparation of a master plan for Downtown Covington. This included land to the west of downtown designated for future development as traditional neighborhoods. HPE addressed ways transportation systems serving the downtown could be altered to enhance the walkability of the area. This was done by designing streetscapes that enhance pedestrian safety and comfort while providing for efficient automobile travel. Emphasis was also given to improving on- and off-street parking opportunities in the area.
