Developed Strategic Transportation and Infrastructure Planning

CLIENT'S NAME & ADDRESS:

Karen Minkel Former Dir. of Strategic Planning
Walton Family Foundation, Research Officer
125 W Central Avenue
Bentonville, AR 72712
479-464-1570
kminkel@wffmail.com

Hall Planning & Engineering, Inc. participated as a subconsultant with Dover, Kohl & Partners in a charrette to provide transportation planning and design services relating to the downtown master plan for Fayetteville, Arkansas. HPE critiqued street designs, parking, and traffic impact analyses for Fayetteville and addressed ways transportation systems could be altered to enhance the walkability of the area. This was done by designing streetscapes that enhance pedestrian safety and comfort while providing for efficient automobile travel. Emphasis was also given to improving on- and off-street parking opportunities in the area.

one-way & two-way streets
